

MAST TECHNOLOGY, INC.

40 mm Industry Day III

May 20, 2004

“..The report of my death was an
exaggeration.”

Mark Twain 1897

MAST is *consolidating* operations not
closing operations.

Consolidation to LCAAP

- Closing our Nevada Facility
- Sold off our Small caliber brass cartridge manufacturing line
- Moving existing contracts to our facility within LCAAP Independence, MO

Continued Business Avenues

- 40mm M781 for JMC, FMS and other government agencies.
- Small Caliber Ammunition Machinery Sales
- M81 Igniter for TACOM-ARDEC
- LAP for 5.56 & 7.62 ammunition, including linked, AP, Tracer, and Frangible variations
- 9mm SMAW Spotter Tracer

40mm Family Buy

- Current plans are as a subcontractor
- Interested in supplying M781 to System Primes
- Can offer assistance in other 40mm areas
